- ✓ Discussion Groups and Communities of Practice
- ✓ Easy way to organize documentation
- ✓ Store unlimited coaching cycles
- ✓ Time stamp videos and additional annotation and feedback tools
- ✓ Email notifications when goals have been added and completed

For more information, contact cultiv8@uw.edu.

Built to Support Coaching

The Coaching Companion provides a systematic framework to organize coaching initiatives and ensure a focus on improvement of teaching practices and accountability. With the Coaching Companion, educators and coaches can increase the frequency of their work together without the added cost of extra time traveling to sites and the additional resources required for in-person or group coaching.

Easy to Learn and Use

Shared goals, action planning, and observation and feedback are at your fingertips with the Coaching Companion. Educators can use their smartphones to video record their practice and upload directly to the Coaching Companion. Quick start videos, tutorials, and help desk access are available.

Coaching Companion Material Requirements

The Coaching Companion requires participants' access to a computer, tablet, or smartphone with video capability; and reliable Internet access. The Coaching Companion is secure and FERPA compliant.

Coaching Companion is a virtual coaching tool that utilizes Project Based Learning. If desired, **all coaches will have the opportunity to utilize this tool to support their apprentices.** Based upon the level of interest, employers will be given access with various levels of support to help navigate the system. Needs will be assessed through an online needs assessment.

Coaching Companion rollout will begin in fall 2020!
